## Daily Market Report

NEW YORK, Nov. 7.—The comparative ease of money contributed to today's more orderly but less active stock market, of which rails were a strong feature. Sales approximated 1,250,000 shares.

Specialties were at the highest levels of the day in the last hour, with oils and motors, but steels and equipments became reactionary again. The closing was irregular.

The uncertain money situation continued to hang over the stock market at the outset of today's trading, first quotations showing a mixture of advances and recessions. For the most part, however, changes were limited to fractions, the only important exceptions being some of the motors which rose a point, while several of the active steels were active in some of the relatively obscure specialties. American Lined, General Chemical and Barrett gained 2 to 7 points. Rails moved within narrow limits and shipwrecks were featured by a brisk rise of 4½ points in Atlantic Gulf. Call loans duplicated yesterday's initial rate of 12 per cent.

Trading continued to reflect professional pressure during the morning, leaders cancelling their moderate gains while other recent favorites extended their early losses. Steels, equipments, motors and oils recorded extreme declines of 1 to 4 points. Crucible being conspicuous for its reversal of 7½. Pools were active in some of the relatively obscure specialties. American Lined, General Chemical and Barrett gained 2 to 7 points. Rails moved within narrow limits and shipwrecks were featured by a brisk rise of 4½ points in Atlantic Gulf. Call loans duplicated yesterday's initial rate of 12 per cent.

Marked improvement was shown at

### Your Clothes Spotlessly Laundered And Unharmful

The most discriminating housewives, women who are particularly critical about their laundry work, have stamped the seal of approval on our family Apex washing machine.

Galvanized. \$117.50 Cash  
Copper \$130.00 Cash  
Terms if desired

The Apex electric washer is designed and built on a scientific principle.

The vacuum suction instead of rubbing is a process which lengthens the life of your clothes many times. The clothes are washed cleaner and in less time. There is no need to boil the clothes if they are washed in an Apex.

The vacuum forces hot water, steam and suds repeatedly through the clothes until every fibre as well as the surface of the pieces are thoroughly cleaned. The natural vacuum draws the steam through the goods, thereby dislodging all the particles of dirt.

The Apex will clean the daintiest laces as well as the heaviest blankets, and without damage—this is possible only because there is no destructive rubbing—the scientific vacuum suction renders the OLD methods obsolete.

The Apex reduces the cost of washing so much that you cannot afford to be without this machine. Drop in today and let us demonstrate to you the various advantages of the new Apex Vacuum method of washing clothes.

## A BLACK LACE GOWN

The very latest creations in evening gowns are made of lace. The one sketched is built with a triple flounce of black Chantilly over a Royal Pekin blue Gorette underskirt. The waist is a light-fitting basque finished with a trill of net. The only trimming on the entire gown is a cascade of half curled ostrich, repeating the blue of the underskirt, falling over the right hip from waist and the bottom of the skirt.

# GERMAN PLOT IS EXPOSED

## N. Y. Police Disclose Plans to Organize the Hun I.W.W. Branches.

NEW YORK, Nov. 7.—Country-wide attempts to organize German branches of the Industrial Workers of the World were disclosed by the police today.

Thousands of circulars have been distributed from Chicago to I. W. W. branches, announcing that a representative will start operations in New York November 20 and work west, fully equipped with literature and application blanks in the interest of the proposed German branches. Meetings will be held wherever possible, the circular announced.

The New York police said that all such meetings here would be watched and that arrests would be made if any law was violated.

The police have obtained a copy of the circular. It is headed "Der Klassenkampf," (the class war), and the text is in English. It announced that "Der Klassenkampf," a new German I. W. W. newspaper now appears twice a month, but will be published weekly beginning November 20. The appeal to "fellow workers" continues:

"At the present time we are busily engaged in getting out literature of every description and as soon as a sufficient amount is on hand we will send out an organizer to work all states east of Chicago in the interests of der Klassenkampf and the I. W. W."

"We are quite certain that with your assistance and that of all other German fellow workers this tour will prove successful. The sentiments of the wage slaves at the present time is such that we cannot delay a minute longer but must commence working the field at once. We are quite confident that it will result in our gaining many thousands of subscribers as well as a large number of I. W. W."

The circular is signed: "Yours for industrial freedom, the press committee, Der Klassenkampf, German propaganda branch, I. W. W."

The address printed at the head is 1001 West Madison street, Chicago.

The police have taken extraordinary precautions in view of an advertised meeting at Rutgers' square tomorrow night to celebrate the anniversary of the Russian revolution. If no permit for the meeting is obtained, it will be broken up. The announcement of the events advises "communists" not to bring their children. Policemen will be stationed on roofs lest attempts be made to throw missiles from the building tops. One hundred plain clothesmen and many uniformed men will be on hand.

## WOMEN, SAVE \$10 BY DRY CLEANING

Save five to ten dollars quickly by dry cleaning everything in the home. You can dry clean, brighten and renew children's coats, suits, caps, woolens, Swiss, lawns, organdie and chiffon dresses, kid gloves, shoes, furs, neckties, ribbons, satins, lace, silk waisties, draperies, rugs—everything that would be ruined by soap and water.

Place a gallon or more of gasoline in a dishpan or wash boiler, put in the things to be cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new.

Nothing fades, shrinks or wrinkles. No pressing needed. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning. A package of Solvite soap with directions for home dry cleaning costs but a few cents at any drug, grocery or department store. Dry clean out of doors or away from flame.—Advertisement.

## NEW MEXICO PRODUCING.

ALBUQUERQUE, N. M., Nov. 7.—Production of coal in the Gallup district yesterday reached a total of 572 tons, according to reports to the gov.

## FIGHTER WINS YANK

NEW YORK—Mrs. Agnes Menefee is a war bride indeed. She has been a member of the Russian battalion of death and spent five years at the front. She was a prisoner of war six months in Germany and was twice decorated by the czar. Now she has come to America as the bride of an American artillery officer, Harry C. Menefee, Covington, Ky.
